

Richmond Equity Management Ltd. is an employee-owned, Alberta-based investment management firm with a proven track record in selecting quality, dividend paying North American Equities. We apply a consistent investment approach, focusing on equities that generate steady long-term earnings and dividend growth while avoiding resource and commodity price exposure. Our unconstrained, bottom-up mandate allows us to deviate from any index and invest across sectors, geography, and market capitalization. We have limited the size of our asset and client base to ensure a direct client relationship with a portfolio manager and to provide personalized service while maximizing our investment choices and total return potential.
